

BIRDMAN® WATCHES

UNCONDITIONAL TRUST.

2013

BIRDMAN® WATCHES

BIRDMAN® is the original skydivers brand that is first to introduce unique timekeepers for the brave. These exclusive instruments have been designed to work and function in most extreme conditions, to withstand velocity and G -force's that can break a man. Like all parachute equipment design, the design follows it's main objective, to tell the time at all conditions, but with unmistakable and uncompromising style.

In it's heart ticks the finest made electro - mechanical Swiss quartz movement that is engineered to accuracy and exceptionally long battery life. The case is grafted from aerospace grade 316-L stainless steel and a limited edition comes with black PVD coating. The blue-tinted, non-reflective and virtually scratchproof sapphire crystal can take harder hit than human can stand. The no-nonsense face is made of real carbon fiber and design has it's distinctive altimeter look familiar to all aviators. Both crown and the case back are screwed down to make the timepiece water resistant to 100 M / 10 ATM. The straps are made from a real parachute nylon that can stand thousands of KG's of sudden or sustained pull or classical thick calf leather for more formal occasions.

This special edition series is all serial numbered, certified with international 2 - year limited guarantee and is offered with an optional custom grafted case back engraving (your license number, birthday, greetings, etc.). The watch comes in a black aluminum case.

TECHNICAL INFO

B.A.S.E. CHRONOGRAPH

- Movement Swiss Ronda cal. 5030D, 7 jewels
- Hour, Minute, Second, Date, Chronograph, Tachymeter scale
- Accumulated, intermediate & interval timing chronograph
- Aerospace grade 316-L brushed stainless steel with black PVD plating
- Rotating one-way bezel
- Screwed crown
- Screw-down case back
- Black, White or Red carbon fiber dial
- Sapphire crystal, scratch resistant with anti-reflective coating, blue tint
- 44 mm diameter
- Skeleton hands
- Water resistant 100 / 300 / 10 (m / ft / atm)
- Illuminating hands, hour marks
- Special forces parachute nylon strap or real calf leather with aluminum rivets
- Extra thick screwed down strap screw
- Shock resistant ISO 1413
- 54 month theoretical battery life
- 24 month international manufacturer warranty

AVIATOR GMT

AVIATOR GMT
AG-W2-13

AVIATOR GMT

(Aviator) - One who operates an aircraft; a pilot. Greenwich Mean Time (GMT) is a time system originally referring to mean solar time at the Royal Observatory in Greenwich, London, which later became adopted as a global time standard.
